### CPA Build solid base in Stoke

*Sid Cordle and Godfrey Davies*

We spent the last 4 weeks campaigning in Stoke on Trent Central. During that time we got more than 100 e mails from people who are generally supportive of CPA principles. We developed good contacts with the local church and a Christian radio station Cross Rhythms. WE have never campaigned in Stoke before. We spent about £1,500 on the campaign compared with around £100,000 by the first 4 parties. All the other parties have campaigned in Stoke before including the Greens who spent very little got a similar result to us. 109 votes was disappointing but it is a foundation we can and will build on.

Our plan now for Stoke is to find candidates to stand in the 2019 local elections and develop a local manifesto for Stoke. We will also need to identify 2 candidates to stand in Stoke in the 2020 General election.

As a party we are building platforms with no base to work from. We are in this battle for the long haul. This campaign was sowing seeds that we expect to bear fruit in time. The word God gave us is "Do not be weary in well doing for in due season you will repay if you do not lose heart."

We have now stood in 3 by elections since last May, Tooting, Richmond Park and Stoke on Trent. All these are giving us more publicity and a platform to move forward.

## Training planned.

The Christian Peoples Alliance is looking for new candidates to stand for us and is in the process of arranging training to support this process. We are planning to arrange a date in June in central London

The main aim would be to enable every candidate at the end of the training to be able to speak for 5 minutes with confidence as why they would be the best candidate for their constituency bringing in key CPA principles from the manifesto. We would also want participants to be confident after the training in talking about the 6 core values of the CPA from the Mayflower Declaration and to learn how to set up a campaign web page and generally use the internet effectively during a campaign,

We want all approved candidate to participate at some time but also throw it open to new candidates. Therefore if you would like to be a candidate and participate in the training please e mail [sidcordle@yahoo.co.uk](mailto:sidcordle@yahoo.co.uk) now.

## Say No to increasing relaxing of moral laws

Maria Miller

CPA is standing against the increasing liberalisation of Society. Recently this has come out in challenging the idea that everyone is either male or female. The liberals are saying we can chose what gender to identify with. However Jesus was very clearly "He who created them from the beginning made them male and female" (Mt 19). The liberals want to confuse children and turn them away from the laws of nature which are God's laws.

Please sign this petition to say "no".

The CPA is also planning a meeting with organisers if these petitions to see who we can be more effective in launching our own and give some cross support.

## British Museum tour answers Critics.

Jay Smith

Increasingly young people are saying the Bible is full of myths and fairy tales. Well we have the answer for them. We do a tour of the British Museum introduced by Jay Smith an American polemicist who shows that there are numerous artefacts all of which prove the Bible is accurate historically. The British museum is laid out geographically not in time order so the tour start in Assyria. Jay shows that on Assyrian artefacts an Israelite king is shown which proves he existed as the Bible says. *Click on picture to watch.*

We can do the tour for you if you put in a request.
